Call me addlebrain
But, that's not really bad enough
Call me lots of things but their not really bad enough
for me

Because you know that
I left the window up
I let your bird go
I was the one who helped him escape
I left the window up
I let your friend go
You won't believe that I am sorry

Right before he left, he said he wanted happiness
I said, "don't look too far"
But that's not really good enough for you

Because you know that
I left the window up
I let your friend go
I was the one who helped him escape
I left the window up
I let your bird go
And you won't believe that I am sorry,
I'm sorry, I'm sorry

(bird)
Oh, he won't,...he won't...own me
Oh, he won't,...he won't...own me

I left the window up
I let your bird go
I was the one I helped him escape
I left the window up
I let you friend go
And you won't believe that I am sorry,
I'm sorry, I'm sorry
