"Be kind"

I'll buy you a diamond if you want me to
and past the world
past the world we fly
and we went high yeah we flew high
and finally you met me in your dreams

chorus

So be very kind
don't let the world fall on your shoulders
If so... oh, hopefully
I would find... I would find you again

I'll cry with you honey if you need me to
i'll dry your tears, dry your tears for you
there is no crime, there is no crime
and you and I were meant to live our dreams

chorus

So be very kind
don't let the world fall on your shoulders
If so... oh, hopefully
I would find... I would find you

bridge

And oh... this is just what we need
and this is finally for real
I guess we never wanted anything else
I guess we we never wanted anything
la da da da da dah
and you were right to love me...

chorus

Be very kind
don't let the world fall on your shoulders
If so... oh, hopefully
I would find... I would find you
oh, be very kind

don't let the world fall on your shoulders
If so... oh, hopefully
I would find... I would find you

I'll buy you a diamond if you want me to
