Mister, I don't believe in you
Mister, I don't believe in you
Just come clean all around me
With your headbleeds and your nosebleeds, too
I don't see that there's a truth
In the way you're talking to me

But let's give it a try
Let's keep it for truth
Why do you want to fall to pieces?
Let's give it a try
Let's keep it for truth
And come clean all around me
And come clean all around me, oh

Mister, I don't believe in you
Mister, I don't believe in you
With the way you're talking to me
Oh, it's so soothing

And let's give it a try
Let's keep it for truth
Why do you want to fall to pieces?
Let's give it a try
Let's keep it for truth

And come clean all around me
And come clean all around me

Would you come clean all around me?
Just come clean all around me, oh

Listen to me
You pull me apart
And I know it wasn't you
'Cause you were not there
And why do you feel sorry?

Let's give it a try
Let's keep it for truth
Why do you want to fall to pieces?
Let's give it a try

Let's keep it for truth
And come clean all around me
And come clean all around me

Would you come clean all around me?
Just come clean all around me, oh

Come clean all around me
Come clean all around me
Would you come clean all around me?
Just come clean all around me, oh
