Come on come on, lets take a chance now
We could fall in love
Come on come on, lets take a chance now
We could fall in love

Stealing to your window, again
Now I say "We could fall in love"
Sighing in exasperation,
"No." you say again "This simply is not love"

And I just know that we could work out
Even though your royalty and I am not
But there's a chance that you are wrong and
I am right this time

Come on come on lets take a chance now
We could fall in love (we could fall in love)
Come on come on lets take a chance now
We could fall in love (aahaahaahaah)

Thrashing through the fen and dew,
I thought what I wouldn't do for you (what I'd do for
you)
Stealing hearts of Marsh King's daughters,
well this is something new

And I just know that we could work out
Even though your royalty and I am not
But there's a chance that you are wrong
And I am right this time and you are out of line

Come on darling run with me, we'll take the bog on foot
we'll be not lost you see, though dark the bog shall be
When we arrive there on our feet you just stay close to
me

Come on come on lets take a chance now
We could fall in love
Come on come on lets take a chance now
We could fall in love

Bring the rain and the bring the mire

because we've always been okay
There was this time not too long ago that
you listened to me say

Come on come on lets take a chance now
We could fall in love
Come on come on lets take a chance now
We could fall in love
