Love, love you are my shelter and
love, love you are my home

Seventeen days with no

breath at all you fall off a ledge
and your world dissolves
And no one listens to the sounds you make
and no one listens to you when you say

Save me from pain

Love, love you are my shelter and
love, love you are my home
And one day, one day I will be safe
but for now love you are my Shelter

Diving like a crane into
rapid water I've been in the deep
Four years without you
Cause no one listens to the sounds I make
and no one listens I'm blue in the face

Save me from pain

Love, love you are my shelter and
love, love you are my home
And one day, one day I will be safe
but for now love you are my Shelter

Nowhere feels like somewhere
when I'm in your arms

Love, love you are my shelter and
love, love you are my home
And one day, one day I will be safe
but for now love you are my Shelter

Love, love, love, love, love...

Nowhere feels like somewhere

when I'm in your arms
