Thank God it was you that found me lying here
Face down in a mirror doing my best
Attempt to disappear
You know just how easy it is
But you have to understand that sometimes
It takes the back of a hand

Think I'm almost there
Close to somewhere i call home
It feels much brighter here
I couldn't have done this on my own
Please do me just one favor under oath
If i leave you again
You'll blindfold me and take me home

I've got two free hands to put behind a wheel again
So give me my keys back
I'll forget the whole attack ever happened, my dear
I might look like I've been through a war
And i kinda feel like i have
But it's good to be back

Think I'm almost there
Close to somewhere i call home
It feels much brighter here
I couldn't have done this on my own
Please do me just one favor under oath
If i leave you again
You'll blindfold me and take me home

I don't want to know
How to get back to where you found me
If you have to beat me up and pound me
Wrap me up and drag me home
Come on, take me home

Think I'm almost there
Close to somewhere i call home
It feels much brighter here
I couldn't have done this on my own
Please do me just one favor under oath
If i leave you again

You'll blindfold me and take me home
You'll blindfold me and take me
You'll blindfold me and take me home
Take me home
Come on, take me home
Come on
