There's a ghost somewhere i am sure
That wants me to believe
Something supernatural pulled me through
But no, i wish there could have been
It would have saved my burning throat
From having to scream to a sold out show
And an empty audience
Something tells me i'm alone again

It takes a fall, a catastrophic call
Close enough to steal your eyes
So you can see it all
Bodies drown if they don't learn to swim
I had no choice
10 to 1, and i was favored not to win

There's a taste that haunts my upper lip
It's so hard to resist
It's bitter when it drips but when it hits it's love
Stumble and pull the wreckage from the scene
I can see it from above now perfectly
Take a photograph and burn it please
Something tells me i'm alone again

It takes a fall, a catastrophic call
Close enough to steal your eyes
So you can see it all
Bodies drown if they don't learn to swim
I had no choice
10 to 1, and i was favored not to win

And i was favored (not to win)
To be the loser
It takes a fall
I had no choice

It takes a fall, a catastrophic call
Close enough to steal your eyes
So you can see it all
Bodies drown if they don't learn to swim
I had no choice
10 to 1, and i was favored not to win

There's a ghost
Fall asleep now, girl, it's alright
Fall asleep now, girl, it's alright
I'll be with you tonight
