We've got no Sympathy for you  
You're tears could never compare to what we've been  
through  
So cup another victory  
I always knew it would come down to you and me

So teach me how to close my eyes now  
'Cause you're making my ears bleed (making my heart  
beat)  
Now you, just have to say G'night  
Now we're just gonna say G'night  
Now you, just have to say G'night  
Now I'm just gonna say G'night

You're so afraid of what we are  
Keep acting the way that you do and you won't get far  
Sometimes you've got some good advice  
But you should look below your own feet  
'Cause you're the one on thin ice

So teach me how to close my eyes now  
Cause you're making my ears bleed (making my heart  
beat)  
Now you, just have to say G'night  
Now we're just gonna say G'night  
Now you, just have to say G'night  
Now I'm just gonna say G'night

You can't exist unless someone is coming after you  
I had a million good intentions coming after you

Now you, just have to say g'night  
Now we're just gonna say g'night  
Now you, just have to say g'night  
Now I'm just gonna say g'night
