Who's killing who
Who's killing who
Who's killing who
Who's killing who

A warm note softly rings my ears
And it's always whispering suggestions
([Incomprehensible])
It's just another way of asking me to crawl
So bite your tongue, you'll never force my will undone

I'd steal your eyes
(I'd steal your eyes)
Just so you can never see me fall
(See me fall)

I'd steal your tongue
And I'd steal your tongue
Just so you could never tell me to let go again

Strolling down the same old sidewalk
Move in for the kill and forget my name
(You know you can't forget my name)
All this time I knew that this wouldn't suffice
Make no mistake, she always knew I wouldn't break

I'd steal your eyes
(I'd steal your eyes)
Just so you can never see me fall
(See me fall)

I'd steal your tongue
And I'd steal your tongue
Just so you could never tell me to let go again

Who's killing who tell me again
I'll never be the same again
She'll never see my face again
Again, again
(Again)

I'd steal your eyes

(I'd steal your eyes)
Just so you can never see me fall
(See me fall)

And I'd steal your tongue
And I'd steal your tongue
Just so you could never tell me to let go again, again
