You can't tell me, I can't do it
You can't tell me, it's not possible

I'm standing up for what I believe in
Letting go of everything that you said
I'm going for my own dreams, not someone else's
All the rocks you've thrown on this path
Haven't stopped me from overcoming my past
Am I the only one that believes in me?

You can't tell me, I can't do it
You can't tell me, it's not possible

One thing keeps me from insanity
One thing keeps me from regret
I've got clear motivation, my future I will not forget
Who are you to set limits for me
If I listened to you who would I be
Am I the only one that believes

You can't tell me, I can't do it
You can't tell me, it's not possible

Hope for the best, prepare for the worst, you say
I'm done listening to that
It's my life, I'll live it my own way
I'm done listening

You can't tell me, I can't do it
You can't tell me, it's not possible
