So dead inside
I've been here before
I see the look upon your face that I just can't ignore
You saw the light
And now it's gone
So tell me now what do you see in me anymore
And there's a lock over my mouth
And I can't find the key
How can I say
If I can't figure out what's wrong with me
All I needed to say
I can't stay
I'll be laughing as I walk away
All I needed to say
I can't stay
See through the lies
I've heard before
The words just fade away
And I just don't care anymore
You saw the light
And now it's gone
So tell me now what do you see in me anymore
And now I breathe a breath
In my moment of clarity
It all the same
It doesn't matter
You are dead to me
All I needed to say
I can't stay
I'll be laughing as I walk away
All I needed to say
I can't stay
I'll stand alone
With my head held high
I will not back down
This is my last goodbye
Things will never be the same
All I needed to say
I can't stay
I'll be laughing as I walk away
All I needed to say

I can't stay
