Turn me on, let me feel you  
Turn me on, let me taste you  
Boundaries are starting to fall  
Conceiving has already started  
Kissing, caressing, indulge  
Is this really what you wanted?

No, I just don't know  
If I can  
No, I just don't know  
If I can  
Is this really what you wanted?  
Is this really what you, yeah

Even though, I don't know you  
I know for sure, I love you  
Anything that you'll ever need  
I'll try my best, to give everything

I tell myself it's nothing, nothing  
I tell myself it's nothing, almost nothing

And take my hand

Close your eyes, and take my, take my  
We will rise, once again  
Close your eyes, and take his, take his  
We'll be home, once again  
That's my father  
That's my father  
That's my father  
That's my father
