It's fucking freezing outside because i saw you tonight
and almost died.
Looks like i've seen too many winters in my mind. your
stare is cold. you better
Turn and run away because you're the evil. we will keep
on hunting you.
Killing. so what more do you want from me? we will
carry the weight that you can't
Carry. talk your shit about us. we don't give a fuck
anyway. you'll be the one
To cry. you'll be the one to fade. i'll knock you off your
high horse. tonight
We fucking burn your dream. like glass your heart will
break. now who's left
To pick up the pieces of your new shattered existence?
i've heard this shit
Before. i'll await the day to see you fade. so what more
do you want from me? we
Will take on the weight you can't carry. talk your shit
about us. we don't
Give a fuck anyway. you'll be the one to cry. you'll be
the one to fade. i'll
Knock you off your high horse. tonight we fucking burn
your dream. talk your shit
About us. you're the true motherfucking fakes. you are
the true fucking
Fakes. you are the true fucking fakes. i'll burn your
dream. no apologies. i'll
Burn your dream. no apologies. we'll burn your dream.
no apologies. we'll burn
Your dream. no regrets.
