It's fucking freezing outside  
I saw you tonight  
And I almost died  
Looks like I've seen too many winters in my mind

Your stare is cold  
You better turn and run away  
Because you're the evil  
We will keep on hunting you

Killing, so what more do you want from me?  
We will carry the weight, you can't carry  
Talk your shit about us  
We don't give a fuck anyway

You'll be the one to cry  
You'll be the one to fade  
I'll knock you off your high horse  
Tonight we fucking burn your dream

Like glass your heart will break  
Now who's left to pick up the pieces of your new  
shattered existence?  
I've heard this shit before  
I'll await the day to see you fade

So what more do you want from me?  
We will take on the weight you can't carry  
Talk your shit about us  
We don't give a fuck anyway

You'll be the one to cry  
You'll be the one to fade  
I'll knock you off your high horse  
Tonight we fucking burn your dream

Talk your shit about us  
You're the true motherfucking fakes  
You are the true fucking fakes  
You are the true fucking fakes

I'll burn your dream

(No apologies)  
I'll burn your dream  
(No apologies)  
We'll burn your dream  
(No apologies)  
We'll burn your dream  
(No regrets)
