Bury me, I've gone too far this time  
I've crashed my heart, this time I crossed the line  
Don't want to go forth, just want to close my eyes  
Wake up the ghost, shake their lives

I feel the rope around my neck  
Dragging me down to the depths  
Where my dreams have rolled to the unknown  
Stop and weep for it, my dying carcass  
Now I'm standing right in front of you  
Now see the strain in my face, pressure is getting  
heavy  
Disappointment is best served cold  
These are my dying wishes  
Fulfill my dying wishes

Destroy your dreams of vanity  
No love, no flesh, only death  
I'll drag you down with me  
No love, no flesh, only death  
No more glamour no glory  
You're digging further into failure

Bury me, I've gone too far this time  
I've crashed my heart, this time I crossed the line  
Don't want to go forth, just want to close my eyes  
Wake up the ghost, shake their lives

I feel the rope around my neck  
Dragging me down to the depths  
Where my dreams have rolled to the unknown  
Stand and stare at this  
Your wretched carcass  
Through the years your life will drown with me  
Now see the strain in my face, pressure is getting  
heavy  
Disappointment is best served cold

Erase your hope of purity  
No love, no flesh, only death  
Now you'll waste away with me  
No more glamour no glory

You're digging further into failure
