I don't give a fuck
I'm not afraid of the worst
I'm the sheep who lost his way
I'm still looking for it everyday

And I'll face neglect
Every curse you wish to throw at me
Without trying I would never fail
And I fell in love with failure

I can't see through your eyes
What do you see? A disgrace another lie
Today I'll start being perfect
Cut you open to expose your insides

Cut you open, expose your insides

I know I'm still counting scars
From every time you cried
'Cause I remember
The first time you died

Tonight I want to bleed along with you
Here's to craving everything you do

Now and I'm taking you on and I'm taking you on
'Cause I've got nothing left to prove to you
I've nothing left to prove to you
I've nothing left to prove

'Cause I don't give a fuck
I'm not afraid of the worst
I'm the sheep who lost his way
I'm still looking for it everyday

And I'll face neglect
Every curse you wish to throw at me
Without trying I would never fail
And I fell in love with failure

I can't see through your eyes
What do you see? A disgrace another lie

Today I'll start being perfect
Cut you open to expose your insides

Cut you open, expose your insides

I know I'm still counting scars
From every time you cried
And I remember
The first time you died

Tonight I want to bleed along with you
Here's to craving everything you do

Now and I'm taking you on and I'm taking you on
'Cause I've got nothing left to prove to you
I've nothing left to prove to you
I've nothing left to prove
