Now what do you want from me?
When I've sacrificed my heart so you can be set free
And time will never cure this disease
I'm only left with tired arms to stop from drowning

This, this is loveless
Love, your love is hopeless, oh

What do you want from me?
When I've sacrificed my heart so you can be set free

This, this is loveless
Love, your love is hopeless

Do you remember on that night
I couldn't find the words to say I'm sorry
And If you recall that night you ripped
My heart right out before saying I loved you

Do you believe in this?
Do you believe in me?
If you believed in love
Would you believe in me?

So what will you take from me?
I'm the man without a soul, a soul for you to seek
And time will only cure your disease
I'm only left with tired arms to stop from drowning

This, this is loveless
Love, your love is hopeless

Do you remember on that night
I couldn't find the words to say I'm sorry
And If you recall that night you ripped
My heart right out before saying I love you

Do you believe in this?
Do you believe in me?
If you believed in love
Would you believe in me?

Believe in me
I've emptied my soul
Believe in me
I've killed this disease now

Time to shatter your heart, bring you to your knees
I've, I've found the strength to fight on
And stop the bleeding
And I've stopped the bleeding

Do you you remember on that night
I couldn't find the words to say I'm sorry
And if you recall that night you ripped
My heart right out before saying I loved you

Do you believe in this?
Do you believe in me?

You're killing
You're not the same to me now
Got to kill to believe
