Nothing was supposed
To hurt like this
Missing you was always
One more kiss

Now there's nothing
That I can do
One more nail in the coffin
And it's all for you

Always were and always
Were a simple love story
You were everything
I ever hoped and dreamed

Drown me in a pool
Of my blood
It's getting harder
Just to breathe

I'll suffocate you faster
Just so you can't see
So you can't see me sleep
It's getting harder
Just to say the right things

I've seen the angel's face
And I've heard her sing to me
From my reflection on this razor blade
I've heard ten thousand dying screams
And they're calling me

The day will break on this saddest day
So don't let me wake
I've heard this all before
And I've seen this over and over again
Don't let me wake

Drown me in a pool
Of my blood
It's getting harder
Just to breathe

I'll suffocate you faster
Just so you can't see
So you can't see me sleep
So you can't see me sleep
So you can't see me sleep
So you can't see me sleep

The day will break on this saddest day
So don't let me wake
I've heard this all before
And I've seen this over and over again
Don't let me wake

Nothing was supposed
To hurt like this
And missing you was always
One more kiss

And now there's nothing
That I can do
There's just one more nail in the coffin
There's just one more nail
And it's all for you

I've seen the angel's face
And I've heard her sing to me
From my reflection on this razor blade
I've heard ten thousand dying screams
And they're calling me

The day will break on this saddest day
So don't let me wake
I've heard this all before
And I've seen this over and over again
Don't let me wake
