They said that I can't change without you  
That I can't change without you  
That I can't change without you

Those nights I can't sleep, I'm stuck here  
I'm lost in your dreams  
I'm stuck in here

Like why can't I get much better?  
Like why can't I get much better?

So swipe it, and take it away  
And never, never lie to me  
So swipe it, and take it away  
And never, never lie to me

The only reason my eyes close  
Is so they open with you by my side

Like why can't I get much better?  
Like why can't I get much better?

So swipe it, and take it away  
And never, never lie to me  
So swipe it, and take it away  
And never, never lie to me

And never lie  
Never, never lie  
I will wait for...  
Wait for, wait for...  
I will wait for  
Wait for, wait for  
Wait for life  
Wait for you  
Wait for life  
Wait for life  
I will wait for you  
Wait for, wait for tomorrow

So open your eyes my darling

Today's a new day (Like why can't I?)  
Like why can't I get much better?  
Like why can't I get much better?  
Like why can't I...  
Like why can't I get better?
