I love you girl... an I want you, to always be...  
My baby, my everything. ohh...

Vrs.1:

Everyday without you girl...  
Time jus seems to go by so slow... oh yea...  
But when you are here...  
Time disappears... an I'm longin jus to let you know...  
Yes...

Chorus:

I love you girl... an I want you, to always be...  
My baby, my everything. ohh...  
I love you girl... each moment, of everyday...  
Forever and always... ohh...

Vrs.2:

Nothing could tear, this love apart...  
Cuz you an I were meant to be one... oh ya...  
Girl when I married you... and I said I do...  
Better or worst I'm here, to start a new...  
I'm letting you know...  
(Back to chorus)

I'm really gonna show you girl, how your life can be...  
Better than you had before, a silly fantasy...  
I wuldnt be so cruel to you, an treat you like a f0ol...
