[1st Verse:]

Contemplate, should I stay.  
Or just throw this away.  
And leave everything hanging today.  
As I find I'm the only one fighting as life passes by.

[Pre Chorus:]

Will you drag me to the edge again.  
I can't catch my breath I suffocate.  
Suffocate.

[Chorus:]

This time I'm falling.  
And I see you.  
This time I've made up my mind.  
This time I'm crawling just to be with you.  
And I don't even know why.

[2nd Verse:]

Lets just take all my mistakes.  
And just throw them in my face.  
You say you don't know how I hate this place.  
As I find all the lies left behind.  
How could I be so blind.

[Pre Chorus:]

Will you drag me to the edge again.  
I can't catch my breath I suffocate.  
Suffocate.

[Chorus:]

This time I'm falling.  
And I see you.  
This time I've made up my mind.  
This time I'm crawling just to be with you.  
And I don't even know why.

[Bridge:]

Say that you'll never deceive me.  
Whispering words that you'll never leave.

Sorry but I don't believe you.

[Chorus:]

This time I'm falling.

And I see you.

This time I've made up my mind.

This time I'm crawling just to be with you.

And I don't even know why.
