In this fucked up world  
To stay alive  
I have to stand up  
For my life  
There come the motherfuckers  
All around  
There come the motherfuckers  
I Beat them down

I breed the fire  
I breed - I breed the fire

In this fucked up world  
I know what's right!  
I know I just got  
I just got one life  
There come the motherfuckers  
All around  
There come the motherfuckers  
I Beat them down

I breed the fire  
I breed - I breed the fire

Set the world on fire
