There is the motherfucker look at him
He has got a big car and money
He is sure that he can be anything
He want everyone and everything
There is the jerk-off look at him
Sitting the whole day in the fucked up office
His name is boss he wanna fuck me up
I have a message to them
Ref:

Fuck you all
There is the motherfucker look at him
He think that he is so important
But he is a loser, he is just a slave
And he wanna tell me how I have to live
There is the jerk-off look at him
He's got no respect, he's got no life
He wanna stand above everyone
I've got a message to them
Ref:

Fuck you all
I'm fed up with them I don't want more
I'm fed up with them, fuck you all
Fuck the society, fuck the system
I destroy them all
I destroy them
Poser motherfuckers, fake wannabees
I can't stand anymore all this shit
They piss me off, they make me mad
I've got a message to them
Ref:

Fuck you all
