Humiliation
Exploitation
In the world all the nations
All the nations gonna be slaves
Slaves of hypocrisy
Empire of money
No personality
Anymore

No I'm not gonna be a slave
No I'm not gonna be the same
I don't belong to this
Fucking shit

I'm against
I'm against

With closed eyes
I can see through
Those leeches they
Just use you
Those leeches wanna
Make you blind
I separate myself from this
I saw enough I don't need this

This is not me
This is not me

No I'm not gonna be a slave
No I'm not gonna be the same
I don't belong to this
Fucking shit

I'm against
I'm against
I'm against
I'm against
