I am ... you make me sick  
My life is a nightmare,  
This is my ... and I will win  
My fury's my hate  
I'm strong enough to face you  
I know who you are  
You ... my life, I kill you  
Last, last fight, last, last fight

Was a long ... life ..., but I always bring it  
Now I'm tired of all your lies, fuck you I will not take it  
I'm strong enough to face you

I know who you are  
You ... my life, I kill you  
Last, last fight, last, last fight

I was weak and I let you leave me to a world, a world  
that I don't belong  
No i'm not your slave and I know your face, so fuck off  
It's been a long fucking that you grow in my life now it's  
enough  
You wanna earn my hate there's no escape, I bring you  
down
