You judge me  
You hate me  
Can't stand the shade  
Of my darker skin  
Don't know me  
But show me  
Your ignorance  
Like my skin's a sin

Don't hate you  
But you hate me  
But one thing  
You must understand  
If you stress me  
Or test me  
You'll feel the wrath  
Of a crazy man

See your face of disgust  
You like your faith  
You like your trust  
You judge my race quick to rush  
But you don't know me  
What the fuck

Your race is used full of lies  
We bring about your demise  
My righteousness is on the rise  
You wanna see the truth  
Open your eyes

All the pain you caused for me  
All those hate you caused for me

I'm just sick of it all  
Don't give a fuck about you  
I'm just sick of you all  
Don't give a fuck about you  
I'm just sick of it all  
We don't give a fuck about you  
I'm just sick of you all  
Don't give a fuck about you

Are you fool,  
Are you friend?  
What state of mind  
Are you in?  
So many lies  
You've been told  
That you repeat  
Since you were three years old

Break the mold  
Change the game  
Release yourself  
From all that pain  
Cause if you maintain  
The things you do  
When you're yelling fuck me  
I'm screaming fuck you

All the pain you caused for me  
All those hate you caused for me

I'm just sick of it all  
Don't give a fuck about you  
I'm just sick of you all  
Don't give a fuck about you  
I'm just sick of it all  
We don't give a fuck about you  
I'm just sick of you all  
Don't give a fuck about you

Why  
Do you do the things you do  
Why  
Can't you ever tell the truth  
You  
Do you even have a clue  
We  
We don't give a fuck about you

I'm just sick of it all  
Don't give a fuck about you  
I'm just sick of you all  
Don't give a fuck about you  
I'm just sick of it all  
We don't give a fuck about you  
I'm just sick of you all  
Don't give a fuck about you
