It's fucking freezing outside because i saw you tonight  
and almost died.  
Looks like i've seen too many winters in my mind. your  
stare is cold. you better  
Turn and run away because you're the evil. we will keep  
on hunting you.  
Killing. so what more do you want from me? we will  
carry the weight that you can't  
Carry. talk your shit about us. we don't give a fuck  
anyway. you'll be the one  
To cry. you'll be the one to fade. i'll knock you off your  
high horse. tonight  
We fucking burn your dream. like glass your heart will  
break. now who's left  
To pick up the pieces of your new shattered existence?  
i've heard this shit  
Before. i'll await the day to see you fade. so what more  
do you want from me? we  
Will take on the weight you can't carry. talk your shit  
about us. we don't  
Give a fuck anyway. you'll be the one to cry. you'll be  
the one to fade. i'll  
Knock you off your high horse. tonight we fucking burn  
your dream. talk your shit  
About us. you're the true motherfucking fakes. you are  
the true fucking  
Fakes. you are the true fucking fakes. i'll burn your  
dream. no apologies. i'll  
Burn your dream. no apologies. we'll burn your dream.  
no apologies. we'll burn  
Your dream. no regrets.
