Save me another day  
is what i heard you say  
today i feel allright  
although nothings right

it maybe just a lie  
but at least i try

I'm Leaving  
I'm not complaining  
Fading  
still not complaining

war against creeping dead  
carefree i'm a mess  
don't be sorry for me  
it's no relief  
so that's it for me  
to fuck the world I'm free

I'm Leaving  
I'm not complaining  
Fading  
still not complaining

I Know what's going on  
still i feel kind of strong  
try to create  
oh it's getting late
