[Celly]

A slave to the hood without no money in my pants  
Rollin with some heat to make a mothafucka dance  
Had a chance to bail, had my hustle, but I blew that  
I walked up in the gun store and ran out with a new gat  
A double 4, out on my million dollar mission  
To eleven fishin, kissin on my chrome, with scrilla in my  
vision  
Can't move without the metal  
Wanna hustle, so I figure I go out there when they  
posted up  
And bust a nigga

[E-40]

But I'll go another way  
Hopefully payday  
But if I slip, dislocated ?my hip?  
And say what I gotta say boy  
That's my new get-back  
All kinds of things of that flava  
The racketeering counterfeiter, nigga  
Or half of whatever  
Long as the weather's clever  
My ?? might become a snitch for the vice  
Ain't no killin, that's what hell told me  
10 mil-a, then nigga break for the scrilla

[B-Legit]

Drunk niggas with the gauges loaded  
55 kicks in them ages ho  
But I don't want to beef cuz the game be fucked  
Strip a mothafucka for his cars and money  
Tag up a 600 SEL  
A three-way split, me, 40 and Cel  
About my mail, I was bound to have it  
See you fuckin with a mothafuckin savage

[E-40]

50 ways to get my scratch on fool

[Celly]

I'm a killa for the scrilla and that's what we do

[B-Legit]

It's uh, for the scrilla, I did it for the scrilla

[Celly]

See I'm nothin but a killa doin dirt for the scrilla
