I say what, I say what,
All the ladies in the house, I see.

I see things like heaven girl
Every time we get together girl, girl, girl.

Last night I saw an angel,
Opened her wings for me,
That girl has been here all along,
My love for her was secret,
And her love was meant for me,
She knows every time she hears this song.

[Chorus:]

And I hear the voice of angel sing with me, she's so
loud,
And she's always there to pick me up when, all falls
down,
And the love I had to give before is all hers now, all
hers now.
Every time that I'm with you, it feels just like heaven,
Anytime I look at you, yeah, it feels just like heaven,
It's like the sun is shinin' through, my face, it feels just
like heaven,
And I know that God must be missing you, cause it
feels just like heaven.

I see the light in your eyes, it feels like eternity,
And I'll be in hell if she ever leaves, don't ever leave
me girl,
I'm blinded by her beauty, she shines like a diamond
And I'm not afraid to tell her, shares what she needs to
me.

[Chorus:]

And I hear the voice of angel sing with me, she's so
loud,
And she's always there to pick me up when, all falls
down,
And the love I had to give before is all hers now, all
hers now.

Every time that I'm with you, it feels just like heaven,
Anytime I look at you, yeah, it feels just like heaven,
It's like the sun is shinin' through, my face, it feels just
like heaven,
And I know that God must be missing you, cause it
feels just like heaven.

Heaven, heaven, heaven, heaven, heaven,
Heaven, heaven, heaven, heaven, heaven,
Heaven, heaven, heaven, heaven, heaven
Just like heaven baby, it feels like heaven.

Every time that I'm with you, it feels just like heaven,
Anytime I look at you, girl, it feels just like heaven,
I see the sun shinin' through your eyes, baby, it feels
just like heaven,
And I know that God must be missing you, cause it
feels just like heaven.

Every time that I'm with you, it feels just like heaven,
And anytime I look at you, yeah, it feels just like
heaven,
It's like the sun is shinin' through, my face, it feels just
like heaven,
And I know that God must be missing you, cause it
feels just like heaven.

Oh, just like heaven, you and me, just like heaven, baby
Just wait and see, I will hold you tight, baby,
with all I got baby, hey baby,
Hooo, yeahhhh, ooohh, yeahhh, yeahhh, just like
heaven,
When I'm with you, girl, when I'm with you, when I'm
with you.
