Oh baby, oh yeah
Just wanna lay right here with you
Baby, I just wanna lay with you

I know you have work but I would love for you
To stay with me for a little while longer
I'm asking a lot, but I don't want you to go away
'Cause I can't get you out of my mind, girl

I could just look at you all day long
Your beautiful smile, I just can't go wrong
If only you didn't have to leave
You could relax and chill with me

Let's not leave the house today, I just wanna lay with
you
With your body close to mine
Room service will be on the way, I just wanna lay with
you
Can't get enough of you, girl

Oh baby, you're making it hard
For me to leave, wish I wouldn't have to go
So next time I'm around let's hope it rains so we could
just stay in
'Cause I just wanna lay with you

I could just look at you all day long
Your beautiful smile I just can't go wrong
If only you didn't have to leave
We could relax and just chill in the shade

Let's not leave the house today, I just wanna lay with
you
With your body close to mine
Room service will be on the way, I just wanna lay with
you
Can't get enough of you, girl

One night with you is like heaven
I don't wanna go from here, oh baby
Kissing your neck while you're sleeping

Lay with me

Let's not leave the house today, I just wanna lay with
you

I just wanna lay, yeah baby

Room service will be on the way, I just wanna lay with
you

Can't get enough of you, girl

Let's not leave the house today, I just wanna lay with
you

I just wanna lay with you baby, oh yeah

Baby, I just wanna lay with you, lay with you

I just wanna lay right here with you

I just wanna lay right here with you

I just wanna lay right here with you
