Why should be just a memory  
It's like a bell that keeps on ringing  
Calling me

But I believe what I can see  
And I can feel the warmth of love  
Surrounding me

So tonight I lay me down to sleep  
And pray my soul to keep  
In that your love will rescue me  
For the rest of my life

I live to say good bye  
To all the promises left behind  
Here we are you and I  
A second chance

I have changed  
(I have changed)  
But take the blame  
(Take the blame)

For all the words left and spoken through the pain  
I played the game and lost and spayed  
But I have cleansed myself by walking through the rain

So tonight I lay me down to sleep  
And pray my soul to keep

In that your love will rescue me  
For the rest of my life

I live to say good bye  
To all the promises left behind  
Here we are you and I  
A second chance

If you listen there's a melody in how you live your life  
(How you live your life)  
You can write the song you want to hear  
And I pray

(Pray)

To live mine  
So in the mirror speaks  
It tells me you have faced your inner fears  
And in loving this song

So tonight I lay me down to sleep  
And pray my soul to keep  
In that your love will rescue me  
For the rest of my life

I live to say good bye  
To all the promises left behind  
Here we are you and I

No, I'm not giving up  
I am here to stay

A second chance  
A second chance  
A second chance
