Hey sexy lady stay with me a while
Cause I hear voices every time that you smile
And I don't wanna look like a clown, like a clown
But I could swear they're telling me that you want to get
close to me

And please don't get me wrong I'm not tryna flatter you
Cause girl I know you heard that all before,
I won't break your heart if you give me the chance
I'll make it good to you

Ain't nobody gonna touch you like I wanna love you
baby
Ain't nobody gonna need you like I wanna treat you
baby, yeah baby
Ain't nobody gonna hold you like I'm gonna squeeze
you baby, hey baby
All I need is one night with you now baby,

Hey sexy lady don't leave here alone
I'll get your coat and you follow me home
And we can get it popping tonight,
Cause I can tell you wanna be my fantasy my
everything

And please don't take me wrong, I'm not tryna flatter
you
Cause girl I know you heard that all before,
I won't break your heart
All I need is just one night, and girl I'll prove it to you
Ain't nobody gonna touch you like I wanna love you
baby
Ain't nobody gonna need you like I wanna treat you
baby, yeah baby
Ain't nobody gonna hold you like I'm gonna squeeze
you baby, hey baby
All I need is one night with you baby, oh baby
Just one night, oh baby, just one night
Just one night, all I need, all I need, all I need,
all I need is just one night.
All I need is just one night,

all I need is just one night, all I need is just one night.
