Burn down the track
She's like a psycho and she's ready to snap
Out for the thrill, shoot to kill
She's goin' down and there's no turning back

And now she's runnin'
But you know she won't get too far
And now she's gunnin'
Just a matter of time before she loses it all

You know your walls are closing in
Your shining light is drowing dim

Mama sold her soul to the devil
Traded a kiss for a birthday deathwish
Mama sold her soul to the devil
Traded her pain for the love of cocaine
Mama sold her soul to the devil
Traded a kiss for a birthday deathwish
Mama sold her soul
She sold her soul to the devil

Back for the attack
She's goin' hard and she's ready to track
You roll the dice
Pay the price
She's hit the bottom and there's no turnin' back

And now she's stumblin'
But you know she's far too gone
And now she's crumblin'
Death is callin' mama, please hold on

You know your walls are closing in
Your shining light is drowing dim

Mama sold her soul to the devil
Traded a kiss for a birthday deathwish
Mama sold her soul to the devil
Traded her pain for the love of cocaine
Mama sold her soul to the devil

Traded a kiss for a birthday deathwish
Mama sold her soul
Yeah, she sold her soul

I knew it was a problem
But not to this extent
I closed my eyes and mouth for way too long
I remember when you held me
And told me everything would be ok
Now all I have are these memories
And hopes for better days

You know your walls are closing in
Your shining light is drowing dim

Mama sold her soul to the devil
Traded a kiss for a birthday deathwish
Mama sold her soul to the devil
Traded her pain for the love of cocaine
Mama sold her soul to the devil
Traded a kiss for a birthday deathwish
Mama sold her soul
Mama sold her soul

She sold her soul to the devil
Mama sold her soul

SOLD HER SOUL
SOLD HER SOUL
SOLD HER SOUL
MAMA SOLD HER SOUL TO THE DEVIL
