Seventy-five down to one on one
Got the soft tail out in this midnight sun
With my knees to the breeze
And the party that's always on my mind
Cause there ain't no party alive anymore
I'm a side to arrive
And you're begging for more
And I'm rolling into me
Right now it's time

Cause you know
That where I go
The party is my show
Rockin' all night
Party to the day light
Having the time of our lives
Rockin' all night
Yea we're rockin' baby
Party to the day light
Yea we're going crazy
Having the time of our lives

Wearing our hearts on these cut out sleeves
And we're dancing like we're thick as thieves
If there's ever been a moment that should be
suspended in time
Got my girl, my guitar, everything I need
And the sunrise waving back at me
And we're leaving cares and worries all behind

Cause you know
That where I go
The party is my show
Rockin' all night
Party to the day light
Having the time of our lives
Rockin' all night
Come on and move your body
Party to the day light
Yea we're going to dis on the party
Having the time of our lives

Everybody sing along
Party to the break of dawn
Everybody sing my song
We're going to be rockin' all night long
Everybody sing along
Party to the break of dawn
Everybody sing my song
We're going to be rockin' all night long

Rockin' all night
Party to the day light
Having the time of our lives
Yea having the time of our lives
Rockin' all night
Party to the day light
Party to the day light
Having the time of our lives
It's about time I found life
Having the time of our lives
