I got a secret to tell
I'm sick and tired of these conflicts and lies
And these sleepless nights
Got to freak out of this cell
Got to astray it from hell
I see the fire burning in her eyes
Mom crash and dies inside
I'm hypnotized
Can you close my eyes?
Staring at the ceiling
I lie away and I can't escape the way I'm feeling

There will be no more
No more sleepless nights
Takes more than a lot to make this right
There will be no more
Sleepless nights
Sleepless nights no more
I'm only known without you in my life

I'm toss and turning my bed
You're even holy in my wildest dreams
Just like a horror scene
That I can never forget
Can't get you out of my head
Open your eyes baby can't you see?
You're not the one for me
This here's a ? ?
Drip in regret
Wish I never met her
I made up my mind
And now it's time to say it's over

There will be no more
Sleepless nights
No more sleepless nights
Takes more than a lot to make this right
There will be no more
Sleepless nights
Sleepless nights no more
I'm only known without you in my life

There will be no more
Sleepless nights
No more sleepless nights
Takes more than a lot to make this right
There will be no more
Sleepless nights
Sleepless nights no more
I'm only known without you in my life

Yea I'm moving on
Say your goodbyes cause now I'm gone
