Have to sustain  
Got to find the time  
Got to get the nerve  
Got to get the nerve

Got to sustain  
Get the time to think  
Got to have the nerve  
Got to have the nerve

Got to get the nerve  
Got to get the nerve

Got to conduct  
Did I ever really care  
If the only way is up  
Do I have to start again

Got to get the nerve  
Got to get the nerve

Got to come unstuck  
I'm twisted like a knot  
Is twisting all there is  
Cos' twisting's all I've got

Got to get the nerve  
Got to get the nerve

Got to get the nerve  
Got to get the nerve  
Got to have the nerve  
Got to have the nerve
