Keep your eye focused this time
Keep us in front of your sights
I've waited long for this
Now it's our time for bliss
I just hope we have the time
I stand broken
Please god hear my cries
He does everytime

How many times have you watched me fall
Just to smile
I've been through thick and thin we've struggled
through
Now we smile
So we're here now just be ready
Brace yourself cause were not leaving

Keep your eye focused this time
Keep us in front of your sights
I've waited long for this
Our time to shine
I just hope we have the time.
I stand broken
Please god hear my cries
He does everytime

Help us get out

Help us get out
Out into the open,
Help us grow, rise up rise up
Help us grow, rise up rise up
Help us grow, rise up rise up
Help us grow, rise up rise up

I stand broken
Please god hear my cries
He does everytime
I stand broken
Please god hear my cries
He does everytime

Keep your eye focused this time
Keep us in front of your sights
I've waited long for this
Now it's our time for bliss
I just hope we have the time
I stand broken
Please god hear my cries
He does everytime
