You make me whole
And I want to thank you for this

I want to
I want to thank you for
I want to thank you for
Thank you for this
I want to

And I wanna thank you for this chance to be angels
You push me to strive harder, when I'm unable
And I want you said, I need this
And I want, you said, don't leave this

Now's our time we're gonna make things right
Pull through tonight, tonight, tonight, tonight
Now's our time we're gonna make things right
Pull through tonight, tonight, tonight, tonight
Ohhhhh...

I remember when we were younger
We had nothing but strived for something
And I remember when we were younger
We had nothing but strived for something

And I wanna thank you for this chance to be angels
And I wanna thank you for this chance to be angels
And I want, I want, and I wanna thank you for this
And I want, I want, and I wanna thank you for this

Thank you for, for everything,
We had nothing, strived for something
Don't lose sight, of what matters the most
I remember when we were young,
I remember, remember when
We had nothing, strived for something
I want to (huh...) Know!
Yeahhhh...

Like fire, like fire
Come and drown with me like fire... (fire...)
Yes!

Come and light the fire (yeah)
Come and light the fire (yeah)
Come and light the fire
Come and light
Come and light the fire (yeah)
Come and light the fire (yeah)
Come and light the fire
Come and light the flames!
