I'm speechless  
I'm breathless  
I'm pulseless  
Kinda hanging on by a thin thread  
I'm out there  
I'm somewhere  
Caught between a dream and the real thing

You ask me if this is something that I could forget  
about  
No way  
How could I forget you when you're stuck in my head?  
Oh, come on

If I would die tonight and not come back again  
I think I'd be fine if I could touch you  
I know I told you I love you a thousand times  
Here comes a thousand and one

I love you  
I love you

I'm hopeless  
I'm restless  
It's useless  
Kinda clinging on to this feeling  
I'm feeling  
I'm reeling  
Stuck inside a trance  
Am I mental?  
I don't know if I can go another day of being alone  
So come on

If I would die tonight and not come back again  
I think I'd be alright if I could hold you  
I know I told you I love you a thousand times  
I know I told you I need you a thousand times  
Here comes a thousand and one

I don't know if you understand  
I'm more than your biggest fan  
I want to take a hold of your right hand

I'm hopeless  
I'm crazy  
I'm crazy about you  
I'm breathless  
I'm pulseless  
I can't live without you  
It's useless  
I know this  
There's something about you  
I'm mental  
Be gentle  
I can't live without you

So if I die tonight  
Can I come back again?  
To live inside your mind  
Then I could touch you  
I know I told you I need you a thousand times  
I know I told you I want you a thousand times  
I know I told you I love you a thousand times  
Here comes a thousand and one

I love you  
I love you
