There's a moment of each night  
That I can finally close my eyes  
And honestly not think of you  
Then the moment passes by  
And there I am left to lie  
Quietly inside my tune

I used to think that life goes on  
But right now I'm not so sure

I don't know why, everywhere I go now, just reminds  
me of you  
I don't know why, everything I see now, just reminds  
me of you  
Just reminds me of you, just reminds me of you  
Everything reminds me of you, everything reminds me  
of you, everything reminds me of you

In my heart there lies a space  
That you can see a mile a while  
That I've been trying my best to fill  
My endeavor is in vain, so I conceded to the pain  
Knowing she can come and go at will  
Taking more than I can take  
There's no more heart left there to break  
I don't know why, everywhere I go now, just reminds  
me of you  
I don't know why, everything I see now, just reminds  
me of you  
Just reminds me of you  
Everything reminds me of you

I don't know why, every road I go down, just reminds  
me of you  
I don't know why, everywhere I turn now, I just keep  
finding you  
I can't hide from you, everything reminds me of you  
I'm confined in you  
I'm in a bind cause of you  
I'm just a mind game to you  
Intertwined in you  
I lost my mind because of you

Must of ??? cause of you  
Peace of mind with you  
Everything reminds me of you  
Everything reminds me of you
