Since we met
We have been as thick as thieves
And you could bet
When they say you then they saw me
Not far away
Probably holding down the beat
To your licks
Cause that's the way we told them it has to be

So say hello
To my little friend
Where he goes
I'll be right there til the end
So say hello
To the closest bestest friend I ever had
And I don't know where I'd go
Or what I'd do without you

Remember when
We took off with that one band
All the gigs
And all the miles we put on that van
And radio
Trivia would pass the time
Little did we know
Those would be some of the best times of our lives

So say hello
To my little friend
Where he goes
I'll be right there til the end
So say hello
To the closest bestest friend I ever had
And I don't know where I'd go
Or what I'd do without you
Back and forth to Wesiana
Crossing the great Huck Fin
Pack a bag we'll meet at 5AM
And do it all again

Now here we are
Living all those dreams we talked about

We never though we'd get this far
And if I could not do it with you
I'd do without

So say hello
To my little friend
Where he goes
I'll be right there til the end
So say hello
To the closest bestest friend I ever had
And I don't know where I'd go
Or what I'd do without you

So say hello
To my little friend
Where he goes
I'll be right there til the end
So say hello
To the closest bestest friend I ever had
And I don't know where I'd go
Or what I'd do without you
