I don't know what I was thinking when I seen her
I just had to find a way I could meet her
Cuz I've been dyin' for a chance to treat her
like the ripe little peach she is
Wouldn't even cross my mind to deceive her
But she could lie through her teeth
and I'd believe her
I don't know her but I know that I need her
And I don't think she's got a notion, but...

CHORUS

That's the girl I've been telling you about
Ain't she everything I said and a whole lot more?
She got it goin' on and I never want to be without her

That's the girl I've been telling you about
She's been spinning in my head like a revolving door
Her smile is like the sun
and my whole world revolves around her

There's something to be said about a woman's intuition
I think she's heard a thing or two about musicians
I'm a singer so she thinks I'm on a mission
and all she wants to do is melt my cool
but I asked her out, I told her we could have fun
She laughed at me just like a honeymooner's rerun
She said my chance of dating her was either slim or
none
But that don't mean I'm gonna listen....

REPEAT CHORUS

That's the girl I've been telling you about
She's been livin' in my head like a recurring dream
Her smile is like the sun
and my whole world revolves around her

She lives in my head
from the start of my day 'til night
I must be out of my head
for I'm hangin' on her so tight

REPEAT CHORUS

That's the girl I've been telling you about
She's been reigning in my head like a pouring storm
Her smile is like the sun
and my whole world revolves
