I didn't want to break your heart 'cause I love you
I didn't want to hurt your feelings 'cause I miss you
Baby, baby it's alright cause I need you
I didn't want to disappoint cause I know, yes I know

Baby It's gonna be alright hanging around, hanging
around (x4)

A honey, honey, honey don't let me be without you
I can't remember love that tastes so sweet like you do
God damn I don't mind you don't need me
A love I like this you throw away
I bet that makes your bi***in' day

Baby it's alright ... Baby it's
Baby. Baby. Oh Oh Oh Oh ...

(Reprise) Baby it's gonna be alright ...
Baby it's. Baby. Baby. Oh Oh Oh Oh
