Turn this thing around
Turn this thing around
Turn this thing around
Let me go back to where we were

Help me to decide
Help me to realise
Help me to get by
I will be on my way tonight

You left me baby
What you wanted to go for?
You sent out all the wrong vibes
We carried on but it wouldn't get better
You said that I was just all right
I hope you don't mind
I hope you don't mind
I hope you don't mind at all
You said this was a trial separation
Maybe I was just so blind

Turn this thing around
Turn this thing around
Turn this thing around
Let me go back to where we were

This is a summer for some casual relations
I don't need to tell you I'm down
My head is spinning but I don't need no favours
Cos I don't want to bill you round
My God I love you
Oh God I love you
Oh God I'd love you to stay
Oh maybe baby this particular moment
I don't wanna lose you this time

Turn this thing around
Turn this thing around
Turn this thing around
Let me go back to where we were

Help me to decide

Help me to realise
Help me to get by
I will be on my way tonight
