For all the love we've made
Just one thing stays the same
The lamp gets dusty
The pipes get rusty
But I don't wanna wash my hands clean

Well you say you love me too
Then why won't you go through
With the nightly kisses
With the hits and the misses
Well if you can make it on your own...

Then go if you wanna go
But stay if you want to know the way
Through the mess we've made
Or lie in the bed you know or go

I heard your moving van
But I didn't take a stand
You can't live with 'em
You can't live without 'em
I never thought I'd want to let you...

Go if you wanna go
But stay if you want to know the way
Through the mess we've made
And lie in the bed you know or go
For all the love we've made
Just one thing stays the same
The lamp gets dusty
The pipes get rusty
But I don't wanna wash my hands clean
(Then go if you wanna go) Well you say you love me too
(But stay if you wanna know the way) Then why won't
You go through
(Through the mess we've made) With the nightly kisses
(Or lie in the bed you know or go) With the hits and
The misses
Well if you can make it on your own...
Then Go...
