I felt so anxious,
For what we had in store.

But then you took that away,
For your dreams and your desires.
That I couldn't provide,
I've got my hopes I'm a fighter.

I won't answer what you need answered,
I won't say a word, I won't say a word,
And I... I won't say a word, I won't say anything,
So bury me in ecstasy and take the pain away.

Oh, you've gotta be kidding me?
Oh, you've gotta be kidding me?
Oh, you've gotta be kidding me?
Oh, you've gotta be kidding me?
Oh.

I won't answer what you need answered it's so unfair,
I won't say a word, I won't say a word,
And I... I won't say a word, I won't say anything,
So bury me in ecstasy and take the pain away.

I'm just selfish.
I won't retreat.
I won't retreat.
I won't retreat.
I won't retreat.
