I swear that this time it's real
I promise that I will keep true
My heart belongs to you
My heart belongs to you

So let your love reign (love reign)
In my hallow land (My hallow land)
Been waiting all my life to feel this, make me whole
again
Just try and save me (save me)
Just hold me in your hands
Been waiting all my life to feel this, make me whole
again

All the time we spent just breaking out of this
We made it out
We are the ones with hearts of gold
I'm still the kid you used to know
And I've got a lot to say

Make me the light for the rest of the world
Make me the light for the rest of the world

So let your love reign (love reign)
In my hallow land (My hallow land)
Been waiting all my life to feel this, make me whole
again
Just try and save me (save me)
Just hold me in your hands
Been waiting all my life to feel this, make me whole
again
Just make me whole again

You pulled me from my hell
You saved me from myself
And now this is who I am
At the end of the road

This is who I am
At the end of the road

So let your love reign (love reign)

In my hallow land (My hallow land)
Been waiting all my life to feel this, make me whole
again
Just try and save me (save me)
Just hold me in your hands
Been waiting all my life to feel this, make me whole
again
Just make me whole again
