They said, that I can't change without you.
That I can't change without you.
That I can't change without you.

Those nights I can't sleep,
I'm stuck here.
Lost in your dreams,
I'm stuck in here.

Like why can't I get much better?
Like why can't I get much better?

So swipe it, and take it all away,
And never, never lie to me.
So swipe it, and take it all away,
And never, never lie to me.

The only reason my eyes close,
Is so they open with you by my side.

Like why can't I get much better?
Like why can't I get much better?

So swipe it, and take it all away,
And never, never lie to me.
So swipe it, and take it all away,
And never, never lie to me.

And never lie,
Never, never lie.
I will, wait for,
Wait for,
Wait for,
I will wait for,
Wait for,
Wait for,
Wait for life,
Wait for you,
Wait for life,
Wait for life,
I will wait for you,
Never wait,

I Wait for tomorrow.

So open your eyes, my darling,
Today's a new day as I'm wakin' up.

Like why can't I get much better?
Like why can't I get much better?
Like why can't I?
Like why can't I?
Get better.
