Don't let your eyes, go shut on me!  
I won't let, your voice be silenced!  
Silenced!

Blood is dripping from my hands  
Tell me, Is this what you wanted?  
I'm the one that walked away  
For me, it's all that I needed...

With nowhere to turn I'll find truth

Only  
With you  
What's left of me is yours to keep  
What's left of me is yours  
Only  
With you  
What's left of me is yours to keep  
What's left of me is yours

One last chance, for salvation!  
Salvation!

See this empty hole inside  
Don't let it keep growing deeper  
I'm the one who runs away  
It's true; I'm lost on the outside

With nowhere to turn I'll find truth

Only  
With you  
What's left of me is yours to keep  
What's left of me is yours!  
Only  
With you  
What's left of me is yours to keep  
What's left of me is yours!

Breathe you in and it's all over now  
When my arms open... (When my arms open...)  
Breathe you in and it's all over now

When my arms open...

Breathe you in, I'll breathe you in  
Breathe you in, I'll breathe you in

Breathe you in, and it's all over now,  
When my arms open, when my arms open.  
Breathe you in, and it's all over now,  
When my arms open, when my arms open.

Oh! I'm drowning!  
Oh! I'm drowning!  
Oh! I'm drowning!

Forgive me!  
Forgive me!  
Forgive me!
